May 10, 2007

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

REQUEST FOR CORRECTED REPUBLICATION OF PATENT APPLICATION
UNDER 37 C.F.R. §1.221(b)

The April 12, 2007 publication of the subject application (under Publication No. US-2007-0082924-A1) erroneously listed only a single inventor (Braj LOHRAY). In fact, as is evident from the international proceedings and also from all papers filed by the undersigned at the USPTO for this U.S. national phase application, there are actually five named inventors:

Braj Bhushan LOHRAY
Vidya Bhushan LOHRAY
Bipin PANDEY
Mayank Ghanshyambhai DAVE
Parind DHOLAKIA

Under the provisions of 37 C.F.R. §1.221(b), it is believed that the Office has made a material mistake by printing the application with only one of the five named inventors and that this material mistake is apparent from Office records. This request for

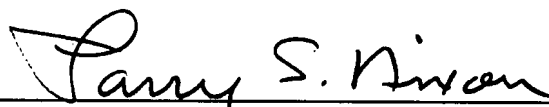

LOHRAY et al.
Serial No. 10/577,940

republishing of the corrected application is being made within two months from the date of the patent application publication.

Accordingly, all of the provisions for a corrected republication of the application set forth at 37 C.F.R. §1.221(b) are believed to have been met.

Respectfully submitted,

NIXON & VANDERHYE P.C.
